María Sabina was born outside of Huautla de Jiménez in the Sierra Mazateca toward the end of the 19th century. Though Sabina herself was not sure, she believed her birth year was 1894. Her parents were both campesinos; her mother was María Concepción, while her father, Crisanto Feliciano, died from an illness when she was three years old. She had a younger sister, María Ana. Her grandfather and great-grandfather on her father's side were also skilled in using the mushrooms to communicate with God, according to their beliefs. After the death of her father, her mother moved the family into town, and...
