Sarah Potts (Shortland Street) having a recurrence I do feel a bit of what it must be like when something like MS changes you – and changes the way people relate to you. " In November 2010 Dr. Sarah Marjorie Potts is a fictional character on the New Zealand soap opera Shortland Street, who was portrayed by Amanda Billing from her first appearance in September 2004 until the character's on-screen death in August 2014 4a8c05elf9

Arriving as a love interest for established character, Craig (Renato Bartolomei), Sarah became the centre of a high-profile storyline when it was revealed her young brother Daniel (Jarred Blakiston) was in fact her illegitimate son. Sarah and Craig's romance carried on for four years and climaxed in what has been described as "Shortland Street's steamiest ever scene." Sarah's romance storyline's again took a high-profile role with her pairing to TK Samuels (Benjamin Mitchell) in 2006. Over the next 8 years the two were involved in a "will they-won't they" situation that involved the two getting married, divorced, having a child, and engaged for a second time. Public interest was high for the romance and boosted the show some of its highest ever ratings; the Prime Minister Helen Clark also expressed her interest in whether the two would end up together.
